Dear Friend,

Tenaciously Teal (T. Teal) is a grassroots organization that began during my fight with Stage IV Ovarian Cancer. *Teal is the color for Ovarian Cancer Awareness.* Through the support from private donors and community partners, T. Teal has grown from passing out care packs during my treatment into a network of support that provides love, community, and empowerment to thousands of cancer fighters each year. Since 2014, T. Teal has distributed over 13,000 Cancer Care Packs, provided \$65,000 in direct financial assistance to patients in need, and hosted numerous Brave Shave & Empowerment shoots for anyone fighting cancer. Today T. Teal delivers more than 400 care packs each month to 17 treatment centers in Oklahoma and mails care packs nationwide by request. Each care pack includes a handwritten note of hope and cancer fighting essentials for those fighting a terrible disease. Most importantly, they remind individuals they are not alone.

Although T. Teal's care pack program is our largest outreach effort, our Brave Shave and Empowerment Shoot program may be the most unique. A "Brave Shave" is a concierge-style service coordinated by T. Teal for cancer fighters to take control of the hair loss process while surrounded by the love of family and friends. We also specialize in Empowerment Shoots for those fighting cancer where professional makeup, photography, and styling are provided at no cost. The heart of these programs is to help those fighting cancer feel beautiful and loved as they face a difficult battle.

T. Teal has a lot of love to give, but in order to provide our programs we need the continued support from our community. **T. Teal is hosting our 4th annual Care Packs and Cocktails fundraiser on April 12th, 2019.** Last year, we celebrated with 450 of our closest friends and cheered on an empowering fashion show of cancer survivors. This year we plan to host 750 individuals who believe in our mission. Please consider joining us for Care Packs and Cocktails 2019, and thank you for thoughtfully considering supporting this incredible event!

Sincerely,

Tarah Warren, MSW
